

MIKRO 185

MICROLITER CENTRIFUGE

ANOTHER CHECK IN THE SPIN COLUMN

Compact microliter tabletop centrifuge

Up to 24 micro tubes and an 18-place rotor for spin column kits in a compact frame with all-metal containment for added safety

Run-Silent™ Operation

Excessive noise in the laboratory can lead to distractions, stress, anxiety, high blood pressure and chronic fatigue. Our centrifuges are as quiet as a normal conversation and will not increase the noise levels within your lab.

Easy-Lift™

Our Easy-Lift Lid, featuring stay-in-place positioning and lid drop protection, is ergonomically designed to limit repetitive stress injuries, spillage and accidental sample disruption when loading and unloading your centrifuge.

Safety-Lock™

Our Safety-Lock Lids are self-closing, auto-locking and come with either single or dual steel lid locks. This ensures a safe, tight closure of the centrifuge chamber during operation. The centrifuge will not operate if lid is not secure. For added safety, our centrifuges feature **all-metal containment** and adhere to all national and international safety standards and certifications.

Five (5) Year Warranty

FDA registered centrifuge manufacturer

MAX CAPACITY:
24 x 2.0 mL

MAX RPM/RCF:
13,300/17,008

DIMS. (HxWxD) :
9.0" x 10.3" 13.9"

HETTICH MIKRO 185 CENTRIFUGE

APPLICATION PACKAGES

All Hettich centrifuge packages come complete with everything you need to perform your application – centrifuge, rotor, buckets, adapters, inserts, bio-containment lids (optional where applicable), five (5) year warranty and free support.

MIKRO 185 MICROLITER TUBE PACKAGE - 12

	Tube Qty	Volume (mL)	Size (mm)	RPM	G-FORCE	PKG. NO.
	12	1.5–2.0	11 x 38	13,300	14,041	185MICRO12

MIKRO 185 MICROLITER TUBE PACKAGE - 24

	Tube Qty	Volume (mL)	Size (mm)	RPM	G-FORCE	PKG. NO. with Bio-containment
	24	1.5–2.0	11 x 38	13,300	17,008	185MICRO24

MIKRO 185 PEDIATRIC TUBE PACKAGE - 12

	Tube Qty	Volume (mL)	Size (mm)	RPM	G-FORCE	PKG. NO.
	12	0.5	10.7 x 36	13,300	13,052	185MICRO12-PED
	12	0.8	8 x 45	13,300	14,041	

MIKRO 185 SPIN COLUMN PACKAGE - 18

	Tube Qty	Volume (mL)	Size (mm)	RPM	G-FORCE	PKG. NO.
	18	1.5–2.0	11 x 38	13,300	15,030	185MICROSC
						PKG. NO. with Bio-containment
						185MICROSC-BC

MIKRO 185 CUSTOM PACKAGE

	Tube Qty	Volume (mL)	Size (mm)	RPM	G-FORCE	PKG. NO.
	<p>Additional packages and configurations are available for this device, please inquire.</p> <p>We offer a complete centrifuge product range from small microliter centrifuges, compact tabletop centrifuges, medium to large benchtop centrifuges, high capacity benchtop and floor standing centrifuges for general purpose and specialty applications, inquire for more details.</p>
